

DRYWALL TOOLBOX

Official Store Policies

Return Policy • Warranty Policy • Shipping Policy

Effective: May 2026 – Reviewed annually

How We Compare to the Industry

The following table was compiled from a comprehensive review of policies from Wall Tools, All-Wall Equipment, and Al's Taping Tools — the three leading drywall tool online retailers. Drywall Toolbox policies are designed to match or beat each competitor across every dimension that matters to working professionals.

Policy Feature	Wall Tools	All-Wall	Al's Taping Tools	Drywall Toolbox (Our Store)
Return Window	30 days	30 days	30 days	45 days
Restocking Fee	Up to 20%	15% always	None	None — Ever
Return Shipping	Customer pays	Customer pays	Customer pays	Free on defects/errors
RMA Required	Yes – call in	Yes – 10-day exp	No (optional)	Simple online form
Damage Report Window	48 hours	Not specified	Not specified	72 hours
Free Shipping Thresh.	Varies	\$50+	Specified items	\$75+ any order
Same-Day Ship Cutoff	Not stated	9 AM PST	Not stated	12 PM CST
Expedited Options	Yes	Yes – overnight	Yes	Yes + Saturday delivery
International Ship	Yes	Yes – worldwide	Not stated	Yes – Canada & worldwide
Warranty Handling	Per mfr.	30-day guarantee	Pass-through	Active claim support
Holiday Return Ext.	No	No	No	Yes – Jan 31 extended
Financing Available	Not stated	Affirm	Yes – \$1k+ min	Yes – \$500 min, 0% promo

Section 1: Return Policy

Our Promise: Your satisfaction is guaranteed. We're here to make returns painless — not punishing.

1.1 Standard Return Window

Drywall Toolbox offers a 45-day return window from the date of purchase — 50% longer than the industry-standard 30 days offered by Wall Tools, All-Wall, and Al's Taping Tools. We believe professionals and contractors deserve sufficient time to field-test a tool, especially on longer job cycles.

- Returns accepted within 45 days of invoice date.
- Items must be unused, in like-new condition, and in original packaging with all included accessories, documentation, and warranty cards.
- A copy of your receipt or order confirmation is required.
- There is NO restocking fee for standard returns — ever.

1.2 How to Initiate a Return

Unlike competitors who require a phone call to obtain an RMA number, we offer a simple, self-serve return process:

1. Submit a return request via our online Return Portal at drywallToolbox.com/returns or email returns@drywalltoolbox.com.
2. You will receive an RMA number and return instructions by email within 1 business day.
3. Package the item securely in its original packaging. Mark the RMA number clearly on the outside of the box.
4. Ship the return. Returns without a valid RMA number will not be accepted.

Important: Do not ship returns directly to the manufacturer. Always route returns through Drywall Toolbox. If an item is defective or was shipped in error, contact us BEFORE shipping — we will provide a prepaid return label.

1.3 Return Shipping Costs

Return shipping responsibility depends on the reason for the return:

Return Reason	Who Pays Return Shipping
Item received damaged or defective	Drywall Toolbox pays — prepaid label provided
Wrong item shipped (our error)	Drywall Toolbox pays — prepaid label provided
Ordered wrong item (customer error)	Customer pays return shipping
Changed mind / no longer needed	Customer pays return shipping

Return Reason	Who Pays Return Shipping
Warranty claim (covered defect)	Drywall Toolbox pays — prepaid label provided

We recommend using a trackable shipping service for returns over \$75. Drywall Toolbox is not responsible for items lost or damaged in transit when the customer is responsible for return shipping. Please share your tracking number with us so we can process your return as soon as we receive it.

1.4 Refund Processing

- Once your return is received and inspected, you will receive an email confirmation within 1 business day.
- Approved refunds are issued to the original payment method within 3–5 business days.
- Original outbound shipping charges are non-refundable. If your order shipped under a Free Shipping promotion, the actual cost of outbound shipping will be deducted from your refund.
- Refunds for freight shipments exclude the original freight cost even if the order showed 'Free Shipping.'

1.5 Items Not Eligible for Return

The following items may not be returned under any circumstances:

- Used tools showing signs of wear, marks, damage, or compound residue.
- Items returned beyond the 45-day window (warranty claims may still apply — see Section 2).
- Closeout, final-sale, discontinued, outlet, or specially priced items (noted on product page).
- Direct-ship (drop-shipped) items marked as non-returnable on the product listing.
- Partially used consumable case quantities (sandpaper, tape, abrasives, etc.).
- Items missing parts, accessories, original manuals, or warranty documentation.
- Special-order items custom-configured for the customer.

1.6 Used Tool Returns

If you have used an item and believe it did not perform as advertised, please contact us before returning it. We will evaluate each case individually. Used tool returns may be subject to assessment and, at our discretion, a restocking or evaluation fee may apply. Our goal is always to find a fair resolution — we never want you stuck with a tool that doesn't work for your application.

1.7 Damaged or Missing Items on Delivery

If your order arrives damaged or with missing items, you must notify us within 72 hours of delivery (this is more generous than All-Wall's 48-hour window and Wall Tools' 48-hour window).

- Call (XXX) XXX-XXXX or email support@drywalltoolbox.com immediately.

- Photograph the outer packaging and all damaged contents before moving or discarding any packing materials.
- Do not discard the box or packing material — it may be needed for a carrier claim.
- Check all flaps and inner packing material; smaller parts are sometimes secured inside.
- We will resolve the issue via replacement, credit, or refund at our cost — no hassle, no argument.

1.8 Refused Freight Shipments

If you refuse a freight/LTL shipment without prior authorization from Drywall Toolbox, the cost of the original outbound freight plus the cost of the return freight will be deducted from your refund. If the shipment arrived visibly damaged, please note the damage on the carrier's delivery receipt before signing and contact us immediately rather than refusing the shipment.

1.9 Holiday Extended Returns

Purchases made from November 15 through December 31 each year are eligible for an extended return window through January 31 of the following year, for unused and unopened items only. All other terms of this policy still apply.

Section 2: Warranty Policy

Our Promise: We don't just pass you off to the manufacturer. We actively manage warranty claims on your behalf.

2.1 Manufacturer Warranties

Most professional drywall tools sold by Drywall Toolbox carry manufacturer warranties. Unlike some competitors who simply link to external manufacturer pages and leave you to manage the process yourself, Drywall Toolbox provides active warranty support. We are your advocate with the manufacturer.

Common manufacturer warranty terms for tools we carry:

Brand / Product Type	Typical Warranty	Coverage
Columbia Taping Tools	5 Years	Manufacturing defects; all components
Drywall Master Tools	5 Years	Manufacturing defects; all components
TapeTech Tools	Per mfr. terms	Contact us for current coverage details
Platinum Drywall Tools	5 Years	Manufacturing defects; stainless & anodized parts
DeWalt Power Tools	3 Years	Manufacturing defects; 1-yr free service
FLEX Power Tools	3 Years	Manufacturing defects

Brand / Product Type	Typical Warranty	Coverage
Festool	3 Years	Full service coverage (registered tools)
Graco Spray Equipment	Per product	Contact us; varies by model
Dura-Stilts	Per product	Manufacturing defects
Hand Tools (General)	Lifetime/1 yr	Manufacturer's defect; varies by brand

2.2 How to File a Warranty Claim

5. Contact Drywall Toolbox first — email warranty@drywalltoolbox.com or call (XXX) XXX-XXXX with your order number and a description of the issue.
6. Photograph or video the defect. This helps us expedite the claim with the manufacturer on your behalf.
7. We will determine whether the claim should be routed to us or directly to the manufacturer's service department, and provide you a prepaid return label if the item needs to come back.
8. Resolution — repair, replacement, or refund — will be communicated within 3 business days of our receiving the claim.

2.3 What Warranties Do Not Cover

Manufacturer warranties and our own warranty support do not cover:

- Normal wear and tear from regular professional use.
- Damage caused by misuse, abuse, improper application, or failure to maintain/clean the tool.
- Damage caused by using unauthorized or incompatible replacement parts.
- Cosmetic damage (scratches, dents) not affecting function.
- Damage resulting from alteration or modification of the tool.
- Tools purchased in 'as-is,' 'outlet,' or 'refurbished' condition (noted at time of sale).

2.4 Drywall Toolbox Satisfaction Guarantee

In addition to manufacturer warranties, Drywall Toolbox offers a 30-day satisfaction guarantee on all standard stock items. If a product does not perform as described within the first 30 days — even if used — contact us. We will work with you toward a repair, exchange, or credit. We are not satisfied until you are.

2.5 Out-of-Warranty Repair Support

Even after warranty periods expire, Drywall Toolbox maintains access to replacement parts and can facilitate manufacturer repair programs for major tool brands including TapeTech, Columbia, Drywall Master, Graco, and others. Contact our support team at support@drywalltoolbox.com for repair referrals and parts sourcing.

Section 3: Shipping Policy

Our Promise: Fast, trackable, professionally packed — your tools arrive on time, ready for the jobsite.

3.1 Free Shipping

Drywall Toolbox offers free standard ground shipping on all orders totaling \$75 or more (before tax) within the contiguous 48 United States. This threshold is competitive with All-Wall's \$50 threshold while being sustainable for our business and ensuring orders are packed and shipped with full professional care. Free shipping applies to standard ground service only.

3.2 Carriers and Shipping Methods

We ship via the following carriers, selected automatically based on package size, weight, and destination:

- UPS – Ground, 2-Day Air, Next Day Air
- FedEx – Ground, 2-Day Express, Overnight, International Priority
- USPS – Priority Mail, Priority Mail Express (smaller packages and rural routes)
- LTL Freight – for large equipment (spray rigs, scaffolding, bulk orders)

3.3 Processing & Same-Day Shipping

Orders placed on business days (Monday–Friday, excluding federal holidays) before 12:00 PM Central Time for in-stock items will be processed and shipped the same day. This cutoff is later than All-Wall's 9:00 AM PST cutoff, giving more contractors nationwide the ability to qualify for same-day fulfillment.

- Orders placed after 12:00 PM CST or on weekends/holidays will be processed the next business day.
- Backordered items: orders may be held to ship complete unless you request a split shipment at checkout.
- You will receive an automated shipping confirmation with tracking information once your order leaves our warehouse.

3.4 Estimated Domestic Transit Times

Transit times are estimates in business days from the ship date. They do not include the ship date, weekends, or holidays.

Shipping Method	Est. Transit Time	Notes
Standard Ground (UPS/FedEx)	3–7 business days	Free on orders \$75+
USPS Priority Mail	2–4 business days	Available for qualifying packages
2-Day Air	2 business days	Order by 12 PM CST; no weekend delivery

Shipping Method	Est. Transit Time	Notes
Overnight / Next Day Air	1 business day	Order by 12 PM CST; no weekend delivery
Saturday Delivery	Saturday arrival	Available at checkout for select ZIP codes
Alaska & Hawaii	Contact us	Multiple methods available; call for rates

3.5 Signature Requirements

To protect your order, signature confirmation may be required for high-value shipments:

- Orders over \$300: Indirect signature required for apartment complexes.
- Orders over \$500: Indirect signature required for all residential deliveries.
- Orders over \$1,000: Direct signature required at time of delivery.

We recommend using UPS My Choice or FedEx Delivery Manager to manage delivery windows and redirect packages as needed. No PO Boxes — shipments must go to a valid physical address.

3.6 LTL Freight Shipments

Items that are oversized or too heavy for standard parcel carriers ship via LTL (Less than Truckload) freight. These items are clearly marked on the product page.

- Delivery requires a physical address accessible to a full-size truck and trailer.
- A lift gate service is available for an additional fee if you do not have a loading dock or forklift.
- Someone must be present to receive, inspect, and sign for the freight delivery.
- Inspect the shipment for damage or missing items BEFORE signing the delivery receipt. Note any issues on the BOL (Bill of Lading).
- If significant damage is found, you may refuse the shipment — contact us immediately so we can arrange a replacement.

3.7 International Shipping

Drywall Toolbox ships internationally via FedEx International Priority (2–3 business days) and FedEx International Economy (3–5 business days). All international orders are invoiced in USD.

Canadian customers: We offer the following shipping options:

- Canada Post (14–21 days) – Lowest cost, limited tracking.
- FedEx Air – Duties & Taxes Included (2–3 days) – All-in pricing, no surprise charges at the door.
- FedEx Air – Duties & Taxes Excluded (2–3 days) – Charges collected at delivery.

For all other international destinations: The buyer is responsible for all import duties, taxes, and brokerage fees. Buyers who refuse delivery and fail to pay applicable duties will be responsible for both the original and return shipping costs.

3.8 Tracking Your Order

A shipping confirmation email containing your tracking number will be sent once your order is fulfilled. You may also log into your Drywall Toolbox account at any time to view order and tracking status. If you have not received a tracking notification within 2 business days of ordering, contact us at support@drywalltoolbox.com or call (XXX) XXX-XXXX.

Section 4: Order Cancellations

You may cancel an order at any time before it has been fulfilled and shipped. Once a shipment has left our facility, the standard return process applies. To cancel, contact us immediately at support@drywalltoolbox.com or (XXX) XXX-XXXX and reference your order number.

- Direct-ship (drop-shipped) orders and special-order items cannot be cancelled once they have been placed with the manufacturer.
- Freight orders that have been picked up by the carrier cannot be cancelled without incurring freight costs.

Section 5: Payment & Financing

Drywall Toolbox accepts the following payment methods:

- All major credit cards: Visa, Mastercard, American Express, Discover
- PayPal, Apple Pay, Google Pay, Shop Pay

Financing is available through our integrated lending partner on qualifying orders of \$500 or more. Promotional 0% APR financing options may be available for select periods. Apply at checkout in seconds.

Section 6: Contact & Customer Support

Our team is available to assist you with any question related to your order, return, warranty, or shipment.

From Our Family to Yours

Drywall Toolbox was built by people who understand the trades. We know what it costs to be on a jobsite with the wrong tool or a supplier who won't stand behind what they sell. These policies aren't legal fine print — they are our commitment to every contractor, finisher, and professional we serve. If we fall short, call us. We'll make it right.
